I. FOUNDER PRESIDENT'S MESSAGE

Twenty-eight years ago, we were presented with an opportunity to make a difference. We seized this opportunity and took a big leap. In that defining and crucial moment, we have fiercely accepted the responsibility to serve the society by providing quality education to the people. We began to realize that our role in the society and our contribution is twice as hard but ten times more rewarding and meaningful especially when we know that we're working for a good cause and for the betterment of this world. That is when we first built the eminent foundation of Skyline University College under the patronage of His Highness Sheikh Dr. Sultan bin Muhammad Al Qasimi, Supreme Council Member and Ruler of Sharjah, whose guidance, support, and direction helped Skyline achieved all its goals.

Over the years Skyline University College evolved from a modest beginning of an institute conducting certification programs into a mature University College and has witnessed more than 7000 graduates. The learning experience through the course of this journey has been very rewarding. SUC today is a prestigious name having a School of Business that conducts business management programs at under graduate and graduate levels with several innovative and sought-after specializations including Strategic Management & Leadership and E Governance at the MBA level besides Marketing & Sales and Tourism & Hospitality Management at the Under Graduate level, amongst several others. The School of IT which was launched last year offers Bachelor of Science in Information Technology - Enterprise Computing (BSIT-EC).

We are also fortunate to be part of the Sharjah University City, which is the cultural and educational vision of H.H. Dr. Sheikh Sultan bin Mohammad Al Qasimi, Member of the Supreme Council of the UAE and Ruler of Sharjah. It is with the inspiration and blessings of His Highness that SUC has grown to such a prominence and wishes to further expand into a full-fledged University. In the current strategic plan, new Schools of Engineering and Humanities are envisaged and the work is in progress in this direction.

At Skyline, we are driven by our core mission to reinforce higher education in the region with our vision to create more programs, open new schools, and upgrade our teaching strategies and facilities to address the present need of the market and to prepare for the unforeseeable future. We are working relentlessly to expand internationally and at the same time building connections with various universities, professional linkages, and networks across the globe to bolster the ground of our foundation.

In the recent past, the emphasis on community outreach programs towards water conservation and tree plantation has seen some outstanding efforts by our students, staff and faculty members. We are committed to give back to the community with all the resources at our command and as much as we can.

KAMAL PURI

FOUNDER PRESIDENT

II. DEAN'S MESSAGE

Welcome to Skyline University College (SUC) in Sharjah.

In preparation to upgrade its status into a fully-fledged university, SUC has recently diversified by the inception of its new School of Information Technology. Both of the schools (School of Business and School of Information Technology) play a fundamental role in carrying out the mission of imparting knowledge, developing professional skills and inculcating values. In a highly dynamic and fast changing world, playing this role in a traditional education environment would not be possible. At SUC we have adopted innovation and creativity as major tools to ensure that we prepare our current students to acquire the knowledge and skills that will enable them to lead in all areas in the future.

To ensure preparedness for the future needs in terms of knowledge, skills and competencies, we give a proper focus on academic and applied research and consultancy. This engagement in research, both at national and international levels, provides a great opportunity for professional development. It also gives our programs a competitive advantage.

Skyline remains committed to the development of professionalism, leadership qualities, innovation and entrepreneurship attributes among its graduates. It recognizes that one of the most important implications of the fourth industrial revolution is the transformation of the concept of knowledge from “knowledge in the minds” to “knowledge in the hands”. Therefore, our faculty members play the role of facilitators to help our students to learn how to learn and how to select the most pertinent knowledge that they need in order to master their skills, abilities, and competencies.

Through their learning journey, our students develop habits of the mind that provide them with the versatility needed to be successful in an ever more complex and volatile world environment. Our students relish the many opportunities and challenges provided to them through the varied media available to them at SUC. In striving to predict future human intellectual resources needs, we are continuously engaged in the process of developing new programs and reviewing existing programs. This ensures the use of the state of the art technology to facilitate a student centered learning methodology.

The diversity of our faculty, staff and students is a unique characteristic that ensures engagement in both the local and distant communities which helps in bridging the gap between learning and doing.

At SUC, our strongest assets include our students, alumni, faculty, staff, community partners, and well-wishers, and I look forward to working collaboratively with all as we fulfill our goals. Many of our alumni go on to serve throughout the world making positive contributions to managerial professions. Through numerous educational experiences, research and community service, our students and faculty find opportunities to grow, both personally and professionally.

I encourage you to explore our website to learn about the programs and opportunities that await you with us. We hope you consider joining us in our efforts to contribute to building the future pool of required skills and competencies.

PROF. (DR.) MOHAMMAD INAIRAT

IX. ABOUT UAE & SHARJAH

ABOUT UAE

The United Arab Emirates is the constitutional federation of seven emirates: Abu Dhabi, Dubai, Sharjah, Ajman, Umm Al-Quwain, Ras Al Khaimah, and Al Fujairah. It is stretched over 1448 Sq.km from the west coast of Persian Gulf and Gulf of Oman, where water and land overlap, to the Arabian Peninsula.

UAE economy was sustained by pearl industry for centuries, the coastline is studded with islands, coral reefs and ridges. Nearly 200 islands fall under the UAE territory on Persian Gulf, including Abu Dhabi Island, capital of United Arab Emirates, Das Island which is rich in Oil, Delma Island which is rich in pearls, Umm Al Nar Island, Saadyat Island, Hamra Island near Ras Al Khaimah, Abu Moosa Island, Greater Tunb Island, Lesser Tunb Island, and other islands which have left their mark on UAE.

UAE is the world's eighth largest oil producer and is the main driver of the economy. In the recent past non-oil based share in the economy is on the rise. Few sectors that are thriving are retail, hospitality, financial, tourism, logistic and supply chain sectors. Being a free-market economy it has made policy amendments to attract FDI in the Free Zone areas. UAE is one of the most politically stable and secure country in the region. As a result of this stability prosperity, harmony and modernity characterizes UAE. Its development and standard of living of its citizens is due to visionary leaders of UAE especially like Sheikh Zayed who focused on welfare of the country during the pre and post formation years. In the recent years UAE is credited to be pioneer in establishing ministry of happiness to ensure Quality life to their citizens in Asia.

Its place in the GCC is very important as second largest economy and the most tolerant towards different cultures and religions of the world. The United Arab Emirates is a founding member of the Cooperation Council for the Arab States of the Gulf, and a member state of the Arab League. It is also a member of the United Nations, Organization of the Islamic Conference, the OPEC, and the World Trade Organization.

The diversified economy of the country gives immense scope of progress and provides opportunities for the citizens in employment, self-employment, innovation and creativity. The leadership of UAE recognizes the importance of education, research and development as a key driver of its economy in the coming years and hence has a vision of making UAE a knowledge based economy.

ABOUT SHARJAH

A modern metropolis with over 6000 years of history, Sharjah is an incredible emirate with coastline on both the Arabian Gulf Coast and the Gulf of Oman. A natural extraordinary landscape, uniquely scenic man-made lagoons, magical endless deserts, fascinating attractions, sophisticated iconic architecture and certainly one of the most diverse emirates in the region, with something for everyone.

Sharjah's rich and varied cultural and commercial achievements are based on solid foundations and traditional heritage. More than 20 museums and heritage sites provide the perfect platform to showcase the arts, crafts, traditions and importance of Islam in the lifestyle of the people in this most fascinating city.

Sharjah has been transformed under the vision and guidance of His Highness Sheikh Dr. Sultan Bin Mohammed Al Qasimi into a vibrant and bustling metropolis while preserving the core values of Islamic tradition, heritage and culture.

Sharjah's rich and varied cultural and commercial achievements are based on solid foundations and traditional heritage. More than 20 museums and heritage sites provide the perfect platform to showcase the arts, crafts, traditions and importance of Islam in the lifestyle of the people in this most fascinating city.

Classical culture is celebrated in the very architecture of the emirate. Islamic culture is at Sharjah's heart, great buildings house the leading educational institutions of Sharjah's University City, and theatre, music and visual arts are championed in both traditional and modern forms.

His Highness Dr. Sheikh Sultan Bin Mohammed Al Qasimi has transformed Sharjah into a modern oasis of social and intellectual development by opening the doors of culture, learning and literature to all who wish to learn. Under his leadership a new era has begun with the construction of many new schools, further education institutes, learning and research centres, libraries, clubs and cultural centres.

Education in the emirate started very simply with home-based Islamic studies in the early 1935 and became the first formal educational institute in Sharjah offering a larger curriculum and formal teaching arrangement.

Classical culture is celebrated in the very architecture of the emirate. Islamic culture is at Sharjah's heart, great buildings house the leading educational institutions of Sharjah's University City, and theatre, music and visual arts are championed in both traditional and modern forms.

Under the directives of the Ruler of Sharjah, University City was established in 1997. Today it is one of the most advanced education centres in the Middle East anchored by the American University of Sharjah, the University of Sharjah, the Higher Colleges of Technology, the Sharjah Police Academy and the Judicial Studies and Training Institute. Students attend from all over the UAE and the wider Gulf region.

In His Highness Sheikh Sultan's own words: "Culture is the cornerstone of the growth we seek. It is that vital element that creates a balance between the cultural belonging and the spirit of the age. Culture creates a state of self-development and self-discipline and leads the human being to show the values of kindness, benevolence and brotherly relations with others. Education is the key to new horizons of development and progress".

Sharjah remains at the forefront of development through further investment in education and by building relationships with foreign universities. The list of courses available continues to expand. The emphasis on education in this emirate cannot be understated. Sharjah continues to be one of the most popular destinations for students from the region, with numbers expected to increase in the years to come.

The first newspaper in the region was launched in Sharjah in 1927 and the first cultural club, Islamic Forum, was established in 1936, followed by the Arabic Cultural Club in 1947. In 1956

Sharjah became the first emirate in the UAE to offer women an education, and in the early 1990s it was the first to run an MBA program.

Heart of Sharjah Area is a testament of Sharjah's dedication to preserving the cultural history of its predecessors. It is celebrated as the foundation of the accolade from UNESCO, which established Sharjah as the Cultural Capital of the Arab World.

In Heart of Sharjah Area, you will see handcrafted works of art and objects that date back to a time when local people relied solely on fishing and pearling. Trace the development of education, currency and the early postal system. Discover the traditional skills and crafts relating to jewellery, costumes, herbal medicine, music and folklore.

Rich in history and culture; a land with a wealth of values, warm and friendly people, all year-round sunshine and distinctive blend of glorious past and bright present, the emirate is an attractive and safe destination offering the right ingredients for leisure and business alike. Having been crowned the "Cultural Capital of the Arab World" in 1998, the Islamic Culture Capital for 2014 and the Arab Tourism Capital for 2015, the smiling emirate of Sharjah has for generations, been welcoming visitors from around the world. It is a great place of learning for students and visitors.

X. ABOUT SUC

A. OVERVIEW

Skyline University College (SUC) was established in 1990 in Sharjah, a city that has been recognized as a hub for education, culture and heritage by UNESCO. SUC was established under the patronage of H.H. Sheikh Dr. Sultan Bin Mohammed Al Qassimi, a member of the UAE Supreme Council and the Ruler of Sharjah. H.H. Sheikh Dr. Sultan Bin Mohammed Al Qassimi has always supported SUC in its pursuit to offer high-quality education. SUC believes in responding innovatively and effectively to train human resources and fulfill the educational needs of industries like Aviation, Hospitality, Travel & Tourism, Information Systems, Marketing, Business Management and Finance sectors, and is, presently, one of the leading universities in the Northern Emirates.

SUC offers various programs in Business and Information Technology through their School of Business & School of Information Technology which are fully-approved and accredited by the Ministry of Education (MOE), UAE. Under School of Business, it offers Bachelor of Business Administration (BBA) in Tourism & Hospitality Management, Information Systems, International Business, Marketing & Retail Management, Accounting & Finance, Public Administration, Human Resource Management & Psychology and Innovation & Entrepreneurship. Master of Business Administration (MBA) Programs are offered, with Emphasis in International Business & Marketing, Finance, Strategic Human Resource Management, Strategic Management & Leadership, E-governance, Sustainable Development and Project Management. Under its School of Information Technology, it offers Bachelor of Science in Information Technology – Enterprise Computing program. In continuation with the progressive approach, SUC looks forward for meeting the future needs of the industry as and when required.

The campus of SUC is spread over 40 acres of land which is located in University City of Sharjah. SUC is a well-equipped university which caters for its diverse student needs by equipping them to meet the demands facing a young managerial workforce. SUC also prepares its students to meet the challenges of the new century by acquiring relevant

knowledge, skills and values.

SUC has carved out a name for itself in academic circles as a provider of business education at a reasonable cost. In our endeavors to improve the quality of our programs, regular evaluations are carried out by academic boards. IT services are also enhanced and integrated to support effective teaching in classrooms and research work, so that the required learning outcomes are met. To deliver quality education, SUC has engaged fulltime faculty members from different nationalities who are Ph.D. degree holders and possess international experience to teach students from multi-cultural backgrounds.

SUC also provides additional learning opportunities and resources by way of a well-equipped library, computer lab, entrepreneurship lab and case study centre. In addition, SUC enables students to learn from various activities which give them opportunities to apply their knowledge, skills and competencies by organizing and conducting co-curricular and extra-curricular events.

SUC has a well-developed Student care package, advising and feedback mechanism that helps students to improve their performance levels continuously. To begin with, SUC ensures all its international students inducted to the Freshman to be aware of the learning environment of SUC and the cultural environment of UAE through Student Care Package which caters to New International students (Bridging program) and academically weak SUC students (Student Tutorials). The advising system is aimed at guiding individual students in their academic and professional fronts. The continuous Student feedback mechanism adopted by SUC helps in understanding the needs and serve them better during their campus life.

SUC also has an active Corporate Affairs Office (CAO) that engages industry to share their experiences with students in the form of guest lectures, industry visits and CEO lectures. The CAO assists students in their internship and job placements.

SUC is proud to facilitate students in preparing them for the required skills, values and competencies suitable to the industry demands. In this regard, SUC conducts Professional Skills Development Program at all levels starting from Freshman to the Senior levels so as to hone student skills in communication, analysis and leadership. PSDP is further reinforced by

the Toastmasters club activities to strengthen the communication and leadership skills. Professional Skill development program especially focuses on developing the soft skills essential for the students to have a progressive career development to keep the student engaged in the overall learning process. SUC has a Teaching effectiveness committee which focuses on improving learning & teaching and a Community services committee which provides opportunities to serve the community through its various activities. SUC also has a Research committee which facilitates research activities among faculty, enables them to use their research knowledge to teach in classes and promotes research culture in the institution.

The Institution has articulation agreements with various colleges/universities in Canada, UK, USA, Australia, New Zealand, Ireland, India and Pakistan, which facilitate the exchange of students for further study opportunities. SUC also maintains professional relationships with IATA-UFTAA, Accreditation Council for Business Schools and Programs (ACBSP), General Civil Aviation Authority, Confederation of Tourism and Hospitality (CTH), Association of Chartered Certified Accountant (ACCA) and the World Tourism Organization (WTO), City & Guilds, CES. Skyline University College is the first University in UAE to achieve Gold status membership of ACCA.

B. VISION, MISSION, GOALS AND OBJECTIVES

Information regarding name, age, address, telephone number, date & place of birth, major field of study, degrees awarded, and participation in extra-curricular activities etc. may be provided at the discretion of the SUC. A student may withhold the release of the above information through a written request to the administration.

B. ACADEMIC TERMS AND POLICIES

i. CREDIT HOURS

Credit hours refer to one lecture hour of contact time with the students, a minimum of 3 lecture hours lasting for fifteen [15] weeks amounts to 45 lecture hours. Each lecture hour is supplemented by two hours of practical study per week [laboratories, training, workshop, etc.]. The lecture hour also includes all the assessment time in class activities and exercise. Each academic year consists of two semesters and each semester consists of 15 weeks.

SUC may arrange for a summer semester, which is of 12 weeks. During the summer session, a student can earn a maximum of 12 credits.

a. Full Time Student

To be considered full-time, a student must carry a minimum course load of 12 credit hours per semester with the average being 15 to 18 credit hours.

b. Accelerated Student

After three semesters the academic records of the student are reviewed and those students who maintain 2.5 or above CGPA without failing in any of the courses are offered to opt for the accelerated program whereby they can take maximum of 12 credit hours during the summer semester. Even transfer admission students need to maintain the above requirement in the courses undertaken during the first three semesters at SUC where TOC courses are not taken into account for calculation of CGPA.

ii. PERIOD OF STUDY

Students enrolled for an Undergraduate Program shall complete within a maximum of 6 years by earning 120 credits. Student can earn 120 credits in four years in normal case or by attempting maximum of 180 credits.

In case of accelerated Program, the student can complete the undergraduate program within a maximum of 3 years by earning 120 credits.

iii. GRADE POINT AVERAGE [GPA]

Grade Point Average is determined by dividing total grade points earned by total credits attempted. GPA is calculated for each semester (SGPA) and Cumulative Grade Point Average (CGPA) is calculated for all credits attempted at SUC (Transfer of Credits from other Universities is not included in CGPA calculations).

GPA/CGPA Calculation

Grade Points		Credits		Total
A - 4	x	3	=	12.0
B+ - 3.5	x	3	=	10.5
C+ - 2.5	x	3	=	07.5
D - 1	x	3	=	03.0
F - 0	x	3	=	00.0
		15		33.0

$$\text{GPA} = \frac{\text{Grade Points Earned} \times \text{Course Credits}}{\text{Total Credits Attempted}}$$

$$\text{GPA (1 course)} = \frac{2 \times 3}{3} = 2 \text{ 'C'}$$

$$\text{CGPA} = \frac{\text{Semester Grade Points Earned} \times \text{Course Credits}}{\text{Total Credits Attempted}}$$

$$\text{CGPA} = \frac{4 \times 3 + 3.5 \times 3 + 2.5 \times 3 + 1 \times 3}{15} = \frac{33}{15} = 2.2$$

GPA - Grade Points Average

CGPA - Cumulative Grade Point Average

iv. **STUDENT EVALUATION AND GRADING**

Student Evaluation and Grading Policy – BBA & BSIT-EC

Letter Grade	Grade Range	Grade Points	Defining Points
A	90-100	4	OUTSTANDING
B+	85-89	3.5	EXCELLENT
B	80-84	3	VERY GOOD
C+	75 -79	2.5	GOOD
C	70-74	2	VERY SATISFACTORY
D+	65-69	1.5	SATISFACTORY
D	60-64	1	PASS
F	Below 60	0	FAIL
W	Withdrawal		

v. **ACADEMIC STANDING**

All students enrolled at SUC shall be monitored very carefully for the qualitative and quantitative satisfactory academic work completed during their study. A student will be evaluated at the end of every spring semester for the following:

a. **QUALITATIVE REQUIREMENTS**

Qualitative requirement is completion of minimum credits with CGPA as per the below table:

S. No.	Credit Hours Attempted	Minimum CGPA
1	1 – 30	1.50
2	31 – 45	1.70
3	46 – 60	1.85
4	61 and above	2.00

b. **QUANTITATIVE REQUIREMENTS**

Student must complete at least 67% of all credit hours attempted. An attempted credit hour is defined as, any course that the student has enrolled for, in the semester. Successfully completed credit hours refer to the hours in which the student has received a letter grade of A, B+, B, C+ or C. For Capstone courses, a student needs to receive a minimum of 'C' grade or above.

For calculating the completion rate of academic work, D+, D and F grades are calculated as not completed; however, for the purpose of CGPA calculations, the 'F' grade will be taken into account. 'W' grade will be treated as attempted but not completed, however, it is not counted for the purpose of CGPA calculations.

c. **PROGRESSION & RETENTION**

Progression is an indication of semester wise academic progress of the student based on successful completion of qualitative and quantitative requirement (as mentioned in above sections) in each semester, failing which the student is retained in the semester and is not allowed to progress to the next semester as per academic standing policy.

d. **PROBATION / WARNING**

Student is placed on probation at the end of Spring Semester if s/he does not meet the minimum requirements as per the information provided in sections (i) & (ii) above; the student is expected to improve his academic performance during summer and fall semesters. In case the student does not improve, he is served with a final warning for the next semester to be considered as final probationary semester.

e. **SUSPENSION**

In case the student is unable to improve the performance in spite of the final warning on probation, student will be placed on academic suspension [Suspension-1 & Suspension-2].

Suspension-1 means when student does not achieve the required CGPA during the suspension status will be automatically placed in suspension-1; even after being in suspension-1 if the student does not improve the CGPA then he will be placed in suspension-2 in the next semester.

Students on suspension status are required to file an appeal with the administration department for allowing them to continue their studies in the following semester. The Satisfactory Academic Progression (SAP) committee may allow the students to take the courses according to their academic profile for which the student has to approach the Student Services department for counseling.

f. **DISMISSAL**

In case the student has not achieved 'Good Standing' as per section (i) & (ii) above at the end of Suspension-2 semester, the student shall be dismissed and dismissal will be reflected in his transcript. In this case No refund of fees is allowed.

vi. SCHOLARSHIPS & FEE WAIVER

SUC scholarship funds helps to provide the means to attend University College and the opportunity to realize the dreams of students who are not in a position to bear the total expenses of Undergraduate or graduate programs. SUC offers scholarships approved by the scholarship committee. The members of the scholarship committee are as follows:

- a. Dean
- b. HOD – Finance Department
- c. Registrar
- d. Head of Administration and Examination Department
- e. Head of Marketing Department

a. SCHOLARSHIP FOR CURRENT STUDENTS

Students who are pursuing their full time Undergraduate / Graduate Program at SUC are termed as current students, a current student becomes eligible for the above scholarships only once the registration fee is cleared and students joins the program. Current students can avail scholarships in the under mentioned categories:

1. NEED BASED SCHOLARSHIP

Need based scholarships are awarded to continuing students, who are from educationally, socially disadvantaged backgrounds. An applicant must show financial need and must produce adequate and supporting evidence to claim the same. Need based scholarship awards range from AED 3,500/- to AED 5,000/- (working scholarships) and AED 2,500/- to AED 3,500/- for (non- working scholarships) and is applicable only for one academic year. The award should be renewed every academic year as long as the student is in good academic standing and continues to demonstrate financial need and is subject to the approval of the committee. Only students who are admitted to the University College doing a full time degree course will be considered for this type of scholarship.

2. TOPPERS AWARD

Students who top in their specific major / emphasis each academic year are awarded the Toppers award. The maximum amount that can be offered to each candidate is AED 2,500/-. The criteria for toppers award is based on the academic standing of the student in an academic year. The evidence of this is the toppers list published by Administration, Registration & Examination Department and transcripts issued by them.

- a. A student in his / her study duration is eligible for either a fee waiver or scholarship.
- b. Fee waiver is granted only before commencement of the intake and is a onetime grant.

3. SPORTS SCHOLARSHIP

The SUC Sports Scholarship has been conceived for students who have shown the ability in sporting and academic performance prior to joining SUC and who wish to fulfill their sporting and academic ambitions while pursuing their academic career in SUC. The students are rewarded for their success in the various categories of sport achievement at various levels and are open to both Undergraduate and Graduate students. The scholarships granted are reduction in their tuition fees at SUC and are generally for the full duration of study (subject to academic performance and other requirements).

3.1. Eligibility Criteria

There are several criteria, which must be met – academic qualification for a course must be achieved and the recipient of a scholarship must be prepared to commit him/herself to involvement in the respective SUC sports club.

The scholarship student must represent SUC and only SUC in competition. A satisfactory level of academic and sporting progress is essential, if the scholarship is to be renewed on annual basis.

The student needs to consistently keep a satisfactory level of academic standing and other criteria which are:

3.1.1. The student must duly apply for sports scholarship.

3.1.2. 2.5 CGPA

- 3.1.3. Minimum 70% attendance in all classes

XX. STUDENT GRIEVANCE

A. ADDRESSING GRIEVANCE:

The SUC realizes the importance of having a system in order to address and deal with student dissatisfaction. Constant efforts are taken to minimize errors and avoid repetitions of problems related to academic and non-academic services.

For any suggestion or complaint, a student is required to fill in a complaint/suggestion form and submit to the Student Services Department. The form is then duly forwarded to or discussed with the concerned Department head. Any remedial action required, is taken immediately and conveyed through a written reply to the student. Student grievance/complaints & suggestions are also addressed at the Class Representatives' meetings held twice a semester.

B. TYPES OF STUDENT GRIEVANCES:

i. Academic grievances

These are usually complaints or appeals against academic decisions. They include but are not limited to

- a. Academic progression decisions.
- b. Errors/discrepancies in the declared grades.
- c. An unreasonable decision of a member of academic staff that affects an individual or a group of students.
- d. Content and structure of academic programs, nature of teaching, and assessment criteria.

ii. Academic Support Services grievances

These relate to decisions and actions associated with administrative or academic support services units. They include but are not limited to:

- a. Administration of policies, procedures and rules by central administrative and student support groups, faculty members and departments
- b. A decision by an administrative staff that affects an individual or groups of students
- c. Access to SUC resources and facilities

XXI. STUDENT APPEAL

A. APPEAL AGAINST MARKS / GRADES AWARDS

i. Grounds Of Appeal

The student may appeal ONLY against the marks/grade awarded in a course under the following circumstances.

- a. Procedure is not in accordance with the current approved regulations.
- b. Material and significant administrative error has taken place.
- c. Unfair discrimination
- d. Inconsistency of the decision
- e. Disagreement with marks or a grade cannot itself constitute ground for appeal.

It is important for students to understand the status of numerical marks/grades assigned to pieces of work. Assessors make their judgments on individual student performance within the assessment regulations of a program which outline the objectives of study and standard to be obtained. Assessment is a matter of judgment. Academic judgments of this type cannot in themselves be questioned or over turned.

ii. Time Duration of Appeal

An appeal must be logged with the office of Head - Admin & Exam department within five working days of communication of a result. The appeal addressed to the Head - Admin & Exam department must be in form of written letter explaining – the appellants, case and highlighting the grounds on which the appeal is being made. Documentary evidence if available must be enclosed to support the appellant's case.

a. Appeal Hearing

When there are sufficient grounds for an appeal the arrangement is done to call for an appeal board.

Appeal board will consist of:

1. Dean
2. Registrar & HASS
3. Head of Academics
4. Head - Admin & Exam Department
5. Advisor / Mentor
6. Faculty Concerned
7. Recording Secretary

At least three members are required to be present to constitute forum for a board. The student will be allowed to present his case. The board will communicate through the chair the decision of the appeal board in writing to the student. Decisions of the appeal board cannot be challenged or subjected to review.

B. APPEAL IN MITIGATING CIRCUMSTANCES

i. Plea for Consideration of Mitigating Circumstances for Class Assignments, Tests, Etc.

Head - Admin Department may exercise his / her judgment based on new calendar deadlines whether to accept the plea for mitigating circumstances for continuous modes of assessments and may administer make up assessments if convinced by his /her genuineness and relevance of the circumstances leading to the student's missing such assessments. Appeals for consideration of mitigating circumstances for continuous assessment modes must be made within 24 hours of conduct or submission deadline of the assessments. Documentary evidence to substantiate such plea must be provided by students. Appeals after the expiry of 24 hours deadline will be considered as time barred. Such decisions will lie on the Registrar & HASS and will be assessed after discussion with Dean & concerned faculty.

ii. Plea For Consideration Of Mitigating Circumstances For Midterm Examination

Students' inability to take midterm examinations due to unavoidable circumstances will be forwarded to Head - Administration along with necessary documentary evidence.

The Head - Admin Department and Registrar & HASS based on their best judgment will decide whether to accept or reject such an appeal for consideration of mitigating circumstance for failure to take mid-term examination on a given date. The appeal must be made by the student within 48 hours of the conduct of the mid-term examination. If the appeal is decided in favor of the student then the examination department in liaison with the advisor will conduct the midterm exam again for this student. Appeals after the expiry of 48 hours deadline will be considered as time barred. The decision of the Head - Admin department in this case cannot be challenged or reviewed.

iii. **Plea For Consideration Of Mitigating Circumstances For Final Examination (First Sit)**

If a student is unable to take a scheduled first sit examination due to sickness, accident, death in family, a telephonic intimation of the circumstances must be made, by the student, his friend or relative before or on the day of the examination prior to its commencement to the Administration Department. A medical certificate attested by ministry of health, documentary evidence of the circumstances affecting the student must be submitted within 2 working days of conduct of the examination. Appeals after the expiry of 2 working days deadline will be considered as time barred.

Plea for consideration of mitigating circumstances will be forwarded to Head – Admin Department along with necessary documentary evidence.

The Head – Administration along with Registrar & HASS based on their best judgment will decide whether to accept or reject such an appeal. The decision of the Head - Admin department in this case cannot be challenged or subject to review.

Students must understand that successful consideration of appeal will result in their taking the re-sit examination for a course on first sit basis. Such students will forfeit the rights of a re-sit examination. No mitigating circumstances will be considered for re-sit examination and students failing to undertake re-sit examination will have to repeat the course.

Students, who absent themselves from courses for prolonged period of time, must understand that they cannot redeem their prolonged absence by claiming mitigating circumstances and such students will be required to retake courses at the first available opportunity.

Note: Students are required to use mitigating circumstance form available with the student portal to file their appeal for consideration of mitigating circumstances along with necessary documentation.

Mitigation policy to excuse the absence of students that result from the following causes only

- a. Accident
- b. In case of death of Immediate Family Member
- c. Hospitalization of self
- d. Religious (Only for Hajj)

Note: Student is required to use mitigating circumstance form available in the portal to file their appeal for consideration of mitigating circumstances along with necessary documentation.

XXII. SCHOOL OF BUSINESS

A. BBA PROGRAM DETAILS

i. **BBA PROGRAM - OVERVIEW**

Skyline University College conducts an undergraduate program leading to the award of Bachelor of Business Administration degree in Finance, Information Systems, International Business, Marketing and Retail Management, Public Administration and Travel and Tourism Management is equipped to meet the needs of dynamic national, regional and global business environments. A student studying Bachelor Business Administration will be exposed to all fields of business education that includes General Education, Business and Management Education.

ii. **BBA PROGRAM - RATIONALE**

The Business in Gulf and UAE in specific has witnessed tremendous growth in business activities in the recent years. Though Oil and Gas are Emirate's main industries, which underpin the country's considerable prosperity, yet, trade and tourism have become the key engines of growth. Its plentiful hydrocarbon resources and successful diversification drive makes it an economy with apparent robust prospects. As a member of the Gulf Cooperation Council (GCC), the UAE participates in the wide range of GCC activities that focus on economic issues. These include regular consultations and development of common policies covering trade, investment, banking & finance, transportation, telecommunications, and other technical areas, including protection of intellectual property rights.

UAE is the hub of several multinational corporate houses and leading organizations, bringing UAE on the international map as one of the leading cosmopolitan nation.

Despite having the fourth largest oil reserves in the world, the oil sector accounts for less than a third of the UAE's GDP. Trade, tourism, real estate and the growing financial, manufacturing and services sector are key non-oil drivers of the economy. Continuous economic growth coupled with increasing population rate from more than 185 nationalities has given a substantial contribution to business in the UAE.

This scenario calls for quality business education for developing human capital to fulfill the needs of various business activities. One of the most important drivers of any successful economy is its human resources and with the visible trends it is imperative now to have international quality higher education in business management, made available in the UAE.

It also explores and analyzes family business continuity challenges and contemporary examples of successful management, family, ethics and corporate social responsibility, corporate governance practices to lead a successful family owned business. This course also highlights the importance of succession planning, challenges in professionalism and maintaining ethical standards in running a family owned business.

Pre-requisite: MGM1001

INE3112 **NEW PRODUCT DEVELOPMENT** **3 CREDIT**

The course focuses on exposing the students on pertinent strategies to be considered for new product development process. It ensures the students to learn the detailed processes of developing new product/service. The students will also be exposed to the intricacies of commercialization aspects of new product launched including developing pertinent business and marketing strategies to make the new product a successful one.

Pre-requisite: MKT2201

INE4113 **MANAGEMENT OF SMALL AND MEDIUM ENTERPRISES** **3 CREDIT**

This course is designed to provide insights into issues and challenges in various functional areas of management in managing small and medium enterprises. The course also helps in understanding the importance of sustainable strategies for the small and medium enterprises to be successful in the long run. The course will also help the students in understanding the role of Small and Medium Enterprises (SME) in an economy

Pre-requisite: MGM1001

INE4117**BRAND MANAGEMENT(E)****3 CREDIT**

This course will introduce students the concepts related to brand management and about its various approaches. The students will get various insights in how brands create market value by using various approaches. The course will help the students not only to study how brands are created, and also analyzes various issues related to brand evaluation. The students will also study the key legal issues related to Brand Management.

Pre-requisite: MKT2201

INE4118**SOCIAL ENTREPRENEURSHIP(E)****3 CREDIT**

This course will enable students to understand the concept, need and process of social entrepreneurship. The course will help them to learn approaches, framework, techniques and models used in social entrepreneurship. It will also help students to develop social entrepreneurship plan to be implemented for the benefit of society at large.

XXIII. SCHOOL OF IT

A. BSIT PROGRAM DETAILS

i. BSIT PROGRAM - OVERVIEW

Skyline University College undergraduate program leading to the award of Bachelor of Science degree is equipped to meet the needs of dynamic information technology environments. The program focuses on providing graduates with competencies and skills required to design, build, test and apply information technology solutions for organizations.

ii. BSIT PROGRAM - RATIONALE

Around the globe, organizations are increasingly becoming more connected, both internally and with other stakeholders like suppliers, customers and government authorities. Information Technology is playing a critical part for achieving excellence; develop product and service mix, enhancing decision making, and achieving sustainable competitive advantage in the organization at the global level.

At the national level, UAE's 2021 Vision aims at developing knowledge based and highly productive economy through innovation and research in science & technology. The UAE is investing heavily in adopting and implementing Information and Communication Technology (ICT) in its government and private sectors. As per the UAE government initiatives like smart governance, m-governance, open innovation, open data infrastructure, drives ICT sector growth in UAE. The increase in both scale and sophistication of the UAE ICT sector has drawn many international IT organizations to locate their office and development center in UAE.

This requires trained man power to meet the requirement of business organizations for implementing IT initiatives at the global and national level.

iii. BSIT PROGRAM - LEARNING OUTCOMES

At the end of the program student will be able to:

- a. Demonstrate communication, mathematical, critical enquiry, logical thinking, and analytical skills in designing appropriate information system and problem solving
- b. Demonstrate an understanding of various concepts of Information technology and its applications.
- c. Evaluate security and ethical issues in the context of information technology.
- d. Demonstrate the ability to work in teams and lead information technology projects.
- e. Demonstrate the ability to evaluate and develop solutions for complex and unstructured IT problems

iv. GENERAL EDUCATION

a. INTRODUCTION

The general education program at the BSIT level is designed to develop a well-rounded personality. The courses aim at improving communication & interpersonal skills along with instilling in students lifelong learning attitude. An all-inclusive knowledge base that is provided to the students encompassing science, computing, humanities, and culture inculcates a sensitive and scientific temper in the young professionals.

b. GENERAL EDUCATION - LEARNING OUTCOMES

Student will be able to:

1. Demonstrate an understanding of the basic scientific principles for application in decision-making
2. Comprehend and Explain human civilization, culture, ethical values, and religion, with a view to understanding of the global community.
3. Develop skills in business communication
4. Demonstrate skills of information technology in effective data processing and analyzing

5. Develop skills in problem solving through the application of both critical thinking techniques and mathematical & statistical tools

v. CORE COURSES

a. INTRODUCTION

The Core courses aim at providing conceptual background to the students in information technology. Program contents have been designed to expose students to the functions of programming, networking, security and ethical aspects of information technology towards developing an attitude for conducting and leading information technology projects effectively and innovatively.

b. CORE COURSES - LEARNING OUTCOMES

Student will be able to:

1. Demonstrate an understanding of computer architecture, programming, software engineering and software project management
2. Use analytical and logical skills in designing information technology projects
3. Analyze the ethical and security issues in the development of information technology solutions
4. Synthesize information technology theory and practices to realize strategic goals
5. Evaluate processes associated with software development, testing and implementation

vi. ENTERPRISE COMPUTING

a. INTRODUCTION

Enterprise wide information technology known as enterprise systems forms the backbone of the organizations in today's highly dynamic global economic environment. To design better enterprise systems such as Enterprise Resource Planning Systems (ERP), Supply Chain Management Systems (SCM) and Customer Relations Management Systems (CRM), information technology professionals require a good understanding and competencies in enterprise computing. The program will provide students with knowhow to develop reliable, scalable and secure enterprise systems. Students will be equipped to handle complex issues and challenges associated with the enterprise computing. The major prepares the student to analyze enterprise information needs, and recommend appropriate solutions for effective implementation.

b. ENTERPRISE COMPUTING - LEARNING OUTCOMES

At the end of the program, student will be able to

1. Demonstrate an understanding of enterprise systems functions and processes
2. Apply emerging information technologies for the benefit of organization
3. Analyze unfamiliar business processes for implementing organization wide information technology solutions
4. Synthesize the enterprise computing theory and practice to realize organizational goals
5. Evaluate various enterprise systems and its impact on organization

B. COURSE DESCRIPTIONS

CIS1001 INTRODUCTION TO INFORMATION TECHNOLOGY 3 CREDITS

The course is designed to provide students with an understanding of computer information systems and their applications in business. This is a basic course that provides the foundation and background needed in the field of information Systems. The course also gives students the right balance of technical information and real-world applications. The students are given an opportunity to learn about computer systems, networks, Internet, intranet, and business related applications.

Pre-requisite: None

GEN1001 GENERAL STUDY SKILLS 2 CREDITS

The purpose of this course is to facilitate a smooth transition from a school learning environment to a University Learning environment. Thus the course is designed to develop necessary study skills including numerical skills in students to comprehend the higher order courses. The course is focused on preparing students to learn independently through research and structured assignments.

Pre Requisite: None

ENG1001 ENGLISH COMPOSITION 3 CREDITS

This is a course in English reading and writing skills and has been designed for non-native speakers of English language who are studying to work in the professional environment. Students will learn to read and write correct English sentences, paragraphs and essay structure. The course stresses English syntax and style, organization of material as well as business vocabulary.

Pre-requisite: None

GEN1002 COMMUNITY SERVICES & SPORTS 1 CREDIT

This course is designed to make the students understand the importance of a healthy body and mind in achieving their personal and professional goals. It also aims at bringing awareness to their role in building the Nation through understanding, evaluating, researching and extending proactive services to the community around them for building a better tomorrow. The two components of this course viz. community services and sports education together carry one credit hour of instruction and learning.

Pre-requisite: None

MAT1001 **MATHEMATICS-I** **3 CREDITS**

This course introduces to the students about the main mathematical skills used in business applications. The focus of attention is on developing the basic concepts of algebra and calculus such as set theory, relations, Fundamental concepts of graph theory, and fundamentals of counting principles, logic and Boolean algebra, limit of a function, derivatives, and integral calculus.

Pre-requisite: None

HUM1001 **INTRODUCTION TO HUMANITIES** **3 CREDITS**

This course provides an intellectual foundation to the study of the human Spirit and its beauty, its endeavors and scope, through a comprehensive yet reasonably deep study of its manifestations as we work through history, archaeology, art, thought, cultures, values, traditions, films, and modern trends.

Pre-requisite: None

HUM1002 **CRITICAL THINKING AND PROBLEM SOLVING** **3 CREDITS**

This course in Critical Thinking has been designed to prepare students to work in the competitive professional environment where the application of critical thinking is of great importance. Thus, the course prepares students to use the critical thinking process such as differentiating facts versus opinions, analyzing and summarizing findings to help take decisions related to various issues.

Pre-requisite: None

HUM1003 **ISLAMIC CULTURE** **3 CREDITS**

Islam is a code of behavior and a way of life. This course introduces the history of Islamic culture. Students will be able to get an insight into issues of gender, marriage, law, economics, business, art and architecture. The course explains the relationship between the Islamic concepts with society, business and issues of globalization.

Prerequisite: None

MAT1102 **MATHEMATICS-II** **3 CREDITS**

This course focuses on the usage of appropriate concepts in quantitative techniques for decision-making. The course offers basic understanding of probability distribution and quantitative techniques for decision in inventory, forecasting and network analysis.

Pre-requisite: MAT1001

ENG1102 **BUSINESS COMMUNICATION** **3 CREDITS**
The course offers a basic understanding of, and practical engagement with, some of the typical models used in different types of written and oral communication. Outcomes for the course include developed skills pertaining to: proper attitudes reflected in writing; creative thinking; cross-cultural communication; document-design and formatting; oral presentation; and job hunting and interviews. Emphasis will also be placed on the self-editing of writing and language usage. The course lays the foundations for successful and skillful English communication.
Pre-requisite: ENG1001

SCI2001 **GENERAL SCIENCE** **3 CREDITS**
The course provides an introduction to the scientific way of thinking as it introduces fundamental scientific concepts. The course provides opportunities for students to experience the methods of science by evaluating situations from a scientific point of view. The course encompasses Physics, Chemistry, Astronomy and earth sciences and emphasizes general principles and their application to real world situations. This course gives students the intellectual frame work that will allow them to deal with the scientific aspects of problems that come into public debate.
Pre-requisite: None

ECO2001 **ECONOMICS** **3 CREDITS**
On completing this course the student will be able to understand the underlying concepts of economics, its functions in relations to household and firm level decision making. The student will understand the pricing of factors of production and production services in different competitive environment. The knowledge, tools & techniques learned through this course will prepare the students to understand economic process and activities. It further equips students to understand the influences of macroeconomics on individual businesses and its ability to sustain in the competitive environment.
Pre-requisite: None

ENG2103 **ADVANCED ENGLISH COMPOSITION** **3 CREDITS**

This course will offer more in-depth coverage of the functional mechanical skills learned in Basic Composition ENG101, such as the production of simple, compound, and complex sentences, adjective clauses, and logical transitions. It will also develop the higher mechanical skills associated with researching opposing viewpoints, synthesizing information to form one's own viewpoint, and justifying information through supporting detail. A third component of the course will promote such advanced skills as the ethical evaluation of conflicting values, appropriate responses to various cultural contexts.

Pre-requisite: ENG1001

BIT 1101 **DIGITAL LOGIC** **3 CREDITS**

Students will be introduced to the concepts of Digital logic and will be able to build and design logic gates applications. The students will also be exposed to the fundamentals of assembly language programs to write code for Integrated Circuits (ICs), breadboard and Transistor-Transistor Logic(TTL) circuits.

Pre-requisite: MAT 1001

BIT2102 **PRINCIPLES OF PROGRAMMING LANGUAGE** **3 CREDITS**

In this course students are introduced to Java programming language. The course covers object oriented programming and introduce the object oriented programming concepts including classes and objects, inheritance, packages and interfaces, multithreading, exception handling and String and String Buffer class. The course also includes developing GUI (Applets) based applications using Java.

Pre-requisite: CIS1001

BIT2103 **COMPUTER ORGANIZATION** **3 CREDITS**

Student will be introduced to computer abstractions and technology, arithmetic & logical operations, integer and floating-point number representation. The course enables student to get an understanding of computer organization, functions of processor, main memory and Input/Output(I/O) devices. The course also covers basics of assembly language programming.

Pre-requisite: BIT1001

BIT2104 **WEB DESIGN AND DEVELOPMENT** **3 CREDITS**

This course helps students to design, create, and maintain web pages and websites using Hyper Text Markup Language(HTML5), Cascading style Sheets(CSS3) and jQuery. The students will be able to create interactive forms, control buttons for input and output elements. The course equips students to create and manipulate graphics. Further the course prepares them to design and implement interactive websites using HTML5, CSS3, JavaScript and jQuery.

Pre-requisite: BIT2102

BIT2105 **DATA STRUCTURES AND ALGORITHM ANALYSIS** **3 CREDITS**

This course introduces students to data structures such as linked lists, stacks, queues and trees. Students will learn how to create and perform simple operations on data structures. The course enables students to write code of linked lists, stacks, queues and trees and analyze the various data structure algorithms.

Pre-requisite: BIT2102

BIT2106 **DATABASE MANAGEMENT SYSTEMS** **3 CREDITS**

This course introduces the student to the basic concepts of Database Management Systems and different types of conceptual data modeling techniques are also introduced. Students will learn to develop an Entity Relationship(ER) diagram that reflects the data in an organization and to convert the ER diagram to database. Complete database design and querying skills are given to the student through Structured Query Language (SQL). Hands on lab exercises are included in SQL to practice creation and querying of database.

Pre-requisite: CIS1001

BIT2107 **HUMAN-COMPUTER INTERACTION** **3 CREDITS**

Human-Computer Interaction (HCI) enables students to understand the interaction between the computer systems and users. The course will cover User Interface (UI) design and usability test. The course will cover topics including User interaction development requirements, usability specifications, design, prototyping, and evaluation of interactive design technologies.

Pre-requisite: CIS1001

BIT2108 **COMPUTER ARCHITECTURE** **3 CREDITS**

Student will be introduced to computer system architecture which includes multiprocessors and memories. The course also focuses on pipelined cache microarchitecture, cache optimizations and buffer system. Course enables students to analyze computer architecture design problems. Students will learn how to evaluate design decisions in the context of past, current, and future application

Pre-requisite: BIT2103

BUS3102 **INNOVATION (P)** **3 CREDITS**

Course on innovation provides a contemporary view of conceiving, developing and managing innovation that focuses on Information Technology prototype development or internal management process. The course will also equip students to engage in an innovative thought process that are useful in improving IT process.

Pre-requisite: HUM1002

BIT3209 **OPERATING SYSTEM** **3 CREDITS**

Operating Systems (OS) as a subject is important in the context of growing computer applications. The course enables students to understand the concepts of OS, process scheduling and synchronization, deadlock and starvation, threads, memory, Input / Output (I/O) devices and file management system. The course also equips the students to analyze the relationship between OS and its environment and to evaluate the performance of various resource scheduling algorithms.

Pre-requisite: BIT2105, BIT2108

BIT3110 **DISTRIBUTED DATABASE SYSTEMS** **3 CREDITS**

This course focuses on the design and system issues related to distributed database management systems. Students will learn the usage of different design methods for distributed databases, and they will study concepts of distributed database architecture, database control, optimizing query, controlling replication, handling concurrency and deadlock and distributed database security.

Pre-requisite: BIT2106

BIT3111**COMPTUER NETWORKS****3 CREDITS**

This course introduces an overview of computer networking in understanding layered architecture, fundamentals of digital communication and different types of network topologies and protocols along with the functions of each layer. The main focus of the course is on TCP/IP model, Congestion control, Quality of Service, cryptography and network security.

Pre-requisite: BIT2108

BIT3112 INFORMATION TECHNOLOGY PROJECT MANAGEMENT 3 CREDITS

Information Technology (IT) Project Management course emphasizes on managing IT projects within the specific scope, time, cost and quality. The different phases of the IT project are to be taught to the students in the course, which includes identification of the need or problem, development of the proposed solutions, and implementation of the solution. Students will be taught to use software for managing IT projects. Hence, students will learn to develop work break down structures, network diagram, and identify critical path. Hands-on experience will be given to students using Microsoft (MS) Project.

Pre-requisite: CIS1001

BIT3213**MOBILE APPLICATION DEVELOPMENT****3 CREDITS**

The course equips students with fundamental concepts of mobile application development using Java for Android Operating System (OS). The course will help students to understand and develop Android based applications. Students will learn about Android activity life cycle along with User Interface (UI) objects for application development. The student will be able run, test and implement the developed application in the real time environment.

Pre-requisite: BIT2102

BIT3115 **E-COMMERCE (E)** **3 CREDITS**

This course focuses to make the students understand the ways and means of doing business with Internet enabled technologies. The students will understand how Internet can be used to communicate, track and transact with the customers, suppliers and other related organizations for the benefit of business. Also, the emphasis is given in the course towards the new trends of e-commerce services that have emerged after initial e-commerce revolution. The students will also learn to define various business models in e-commerce operation and issues in adopting e-commerce in a seamless manner with the existing way of traditional operations.

Pre-requisite: *CIS1001*

BIT3116 **INTERNET OF THINGS** **3 CREDITS**

The course outlines the background of Internet of Things (IoT) and Machine-to-Machine (M2M) communications and services. The course elaborates M2M and IoT from three perspectives - Vision, Market and Architectural overview. Students will learn how to derive information and knowledge, and how to integrate it into enterprise processes as well as system architectures.

Pre-requisite: *BIT3111*

BIT4117 **INFORMATION TECHNOLOGY AND ETHICS** **3 CREDITS**

This course provides the framework to identify and analyze various ethical issues related to fields of information technology and understand how to make ethical decisions. It also takes an overview on the complex environment of ethical decision-making in organizations. Further the course explains the importance of social responsibilities and how ethical practices can be integrated into strategic decisions.

Pre-requisite: *CIS1001*

BIT4118 **BIG DATA ANALYTICS** **3 CREDITS**

This course helps students to gain an understanding of Big Data technologies which is used to extract, store, organize, review and analyze large amounts of data using R programming. Students will be exposed to Clustering, Association Rules, Regression, Classification, Time Series and Text analysis. Student will also use open source software framework Apache Hadoop to learn advance analytics techniques such as Map Reduce and Hadoop.

Pre-requisite: *MAT 1102*

BIT4219 **COMPUTING PROJECT (P)** **3 CREDITS**

Students will be given an integrated approach to develop a computing project. Students will design and test software solutions to address the organizational or societal requirements as a group project. The course will enable students to critically evaluate and justify proposed design solutions.

Pre-requisite: BIT2102, ITE3110

BIT4320 **INFORMATION SYSTEM AUDIT AND CONTROL** **3 CREDITS**

As Information Systems are becoming center of critical business operations it is essential to evaluate various authorizations and controls regularly. In this course student will learn how Information system audit is planned, organized and executed, and their results communicated to the organization. Students will learn how to develop and implement risk-based IS audit strategies and objectives in compliance with generally accepted audit standards to ensure that the organization's IT assets are adequately controlled, monitored, and assessed, and are aligned with its business objectives.

Pre-requisite: CIS1001, ITE4113 & ITE3110

BIT4221 **STRATEGIC INFORMATION SYSTEMS MANAGEMENT (C,S)** **3 CREDITS**

This course is designed to address the tactical, operational, and strategic responsibilities and roles of Information System management professional in leveraging their Information System resources. Emphasis is placed on current/emerging issues/opportunities in creating and coordinating the key activities necessary to ensure Information System's contribution to the success of the organizational structure, managing emerging information system and technologies, monitoring ethical practices and Information System strategy for competitive advantage.

Pre-requisite: Senior status, BIT4117

IND4101 **INTERNSHIP(C,S)** **3 CREDITS**

The internship program provides an opportunity to students to work, learn, and gain hands-on experience in an organization. It helps students to develop a professional understanding of an industry in their major area of study. Students are able to apply the knowledge gained in classrooms in a work setting, thus enriching their learning experience.

Pre-requisite: Senior Status

ITE3110**SOFTWARE ENGINEERING****3 CREDITS**

The course enables the students to develop understanding of major phases of the software life cycle right from specifying software requirements and specification. Apart from this understanding of conceptual model design, its implementation, testing and verification are given emphasis. Student is also made aware of Software quality assurance processes.

Pre-requisite: BIT2102

ITE3111**E-SUPPLY CHAIN MANAGEMENT****3 CREDITS**

The course aims to facilitate student in learning key drivers of supply chain performance and their Inter-relationships with technology, strategy and other functional area of the company. The course exposes students to the importance of E-Supply Chain Management (E-SCM) in globalized world and the opportunities for using e-supply chain strategy as a competitive tool. The student also learns the tools and techniques necessary for evaluating the e-supply chain technologies and processes.

Pre-requisite: MAT1102

ITE3112 IT INFRASTRUCTURE AND EMERGING TECHNOLOGIES**3 CREDITS**

The course focuses on how organizations can effectively and efficiently assess IT infrastructure and emerging technologies trends pertaining to infrastructure evolution, hardware and software platforms. Students will also learn to classify and select amongst various IT infrastructure solutions, thereby, adopting emerging technologies for achieving organizational goals and objectives.

Pre-requisite: BIT3111

ITE4113**BUSINESS PROCESS MODELING****3 CREDITS**

This course introduces the concepts of Business Process Modeling (BPM) using Unified Modeling Language (UML) with the help of Rational Rose and Visio. Further, this course emphasizes on the core set of skills that students need to know as a business process analyst. This course also teaches students about object oriented approach to system design.

Pre-requisite: BIT2106

ITE4114 ENTERPRISE INFORMATION SYSTEM SECURITY 3 CREDITS

This course provides an overview of security challenges and strategies of countermeasure in the information systems environment. The Course enables students to understand the concepts, elements, and goals of information security. The course will focus on availability, vulnerability, integrity and confidentiality aspects of information systems. The course content helps students to prepare for various industry recognized professional certifications.

Pre-requisite: BIT3111

ITE4015 KNOWLEDGE MANAGEMENT TECHNOLOGY (E, P) 3 CREDITS

The ability to manage knowledge has become increasingly important in today's knowledge economy. Knowledge is considered a valuable commodity, embedded in products and in the tacit knowledge of highly mobile individual employees. The emergence of information and knowledge is a key factor in developing and maintaining a competitive advantage. This requires organizations to manage its knowledge effectively. The purpose of this course is to acquaint students with various knowledge management concepts and technologies.

Pre-requisite: None

ITE4416 ENTERPRISE SYSTEM (C, S) 3 CREDITS

The course focuses on identifying and solving large complex problems by using enterprise computing technologies. Also, included are the basic architecture and technology principles that comprise enterprise computing environments. This course analyzes various aspects of Enterprise Systems and describes the evolution and functions of Enterprise Systems, focusing on issues related to their implementation and upgrading.

Pre-requisite: Senior status, ITE3110, ITE3112 & ITE4113

ITE4118 CLOUD COMPUTING 3 CREDITS

This course covers the fundamentals of cloud computing and provides the skills and knowledge required to effectively evaluate and assess the business and technical benefits of cloud computing for a business organization. Furthermore, it will familiarize students to use the basic tools and concepts to implement cloud computing in organization to get the competitive edge in ever changing technology trends.

Pre-requisite: ITE3112

ITE4119**HIGH PERFORMANCE COMPUTING****3 CREDITS**

High Performance Computing (HPC) has been known as one key area to sustain technological innovation and nurture computing discoveries. The course offers an introduction to HPC and includes the main architectural components of a supercomputer, major parallel programming paradigms, and relevant parallel algorithms in computational science. Student will develop the right skills to design parallel applications and program modern HPC platforms.

Pre-requisite: BIT3111
